SUMMARY

I specialize in creating captivating user experiences by seamlessly blending design and technology. With expertise in HTML, CSS, and JavaScript frameworks like React.js & Typescript, I craft responsive and visually appealing web applications.

EXPERIENCE

FRONTEND DEVELOPER - MARKETING TEAM
Top Hat Monocle
Mar 2022 - Feb 2024

- Lead cross-functional teams in developing and updating corporate website pages while managing Top Hat's app Catalog.
- Utilize JavaScript, SCSS, Unit Testing, Jenkins, React, TypeScript, and PHP, mentoring junior developers for enhanced code quality.
- Drive proactive process improvements, collaborate with the Design team on design challenges, and optimize SEO performance with the SEO Manager.

FRONTEND DEVELOPER
Property.ca
Nov 2020 - Mar 2022

- Designed and executed two cutting-edge microsites using Next.js, while seamlessly integrating Storyblok for efficient content creation and management.
- Enhanced user experiences by developing new features and resolving intricate problems, alongside leading a comprehensive update of the company's foundational starter theme.

FREELANCE
Thatjenster.io
2020 - Present

- Customized website development: Crafting tailored websites to match clients' unique needs, ensuring optimal user experience and functionality.
- Maintaining open communication, seeking client feedback to ensure alignment with their vision, and delivering exceptional results that drive tangible outcomes.
